

Dear Parents and Caregivers,

Clark County School District and RethinkEd have partnered to provide you with access to Rethink's Special Education Program. You will have access to a vast library of lessons and resources developed specifically for children with autism or related disabilities that are easily adaptable for 1:1 instruction at home. Our program provides strategies and tools to help your child develop coping skills to engage in learning during this time, put in place a home behavior system and build independence.

What Will I Have Access To?

Your parent login will allow you to access the following features:

- Just in time step by step video models and instructional plans that support your child's foundational skills development.
- On-demand instructional videos with strategies to support your child's learning and to promote positive behavior.
- Printable resources include visual schedules, motivation boards and a variety of instructional supports.
- Key Social and Emotional Learning topics with videos to support both your wellness and that of your child's.
- Your child will have access to their own learning center with games, activities and videos to support their development.

How Do I Navigate the Program?

Should you have trouble navigating through the program, we have resources to support you.

- Navigating your new RethinkEd Account -SPED Video [WATCH ME!](#)
- Navigating your new RethinkEd Account-SEL Video [WATCH ME!](#)
- Navigating your new RethinkEd Account-SEL "How To" Guide [READ ME!](#)
- For more resources to support parents and caregivers, check out our caregivers' support page. [CLICK ME!](#)
