

# JUNE SEL NEWSLETTER

## REFLECTION

Congratulations on successfully finishing another school year! As you wrap up the year, it's important to SEL-ebtrate your successes. We hope that you found the tools from RethinkEd supported a connection between you and your students.

Please take a moment to complete an anonymous **2-minute survey** to share reflections on the curriculum, platform, and support you received this school year.

We will take this and improve our practices for the 24-25 school year.

**Have questions?  
Check out our Office Hours  
Schedule here!**

[OFFICE HOURS SCHEDULE](#)

## CELEBRATIONS

Congratulations to Fremont High, LA Academy High, Mann UCLA, and Washington Prep High schools for hosting a Viewing Party for parents to access and learn about Cyber Safety in May!

## SPRING SELF ASSESSMENTS

Please have students complete the [Spring Self-Assessment](#) or complete the [Classroom Rating Scale](#). This provides valuable information to you about your students' progress and the impact SEL has on their lives.

You can also reflect on your own growth using the [Adult Self Assessment!](#)

## TOPIC OF THE MONTH

This month, students will focus on [Growth Mindset!](#) Students learn that a fixed mindset is the belief that skills and abilities are set in stone; whereas a growth mindset is the belief that skills and abilities can change and grow.

When students understand how they learn and how they can develop a growth mindset, they are more likely to achieve their goals.
